Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner advised the Applicant that the claims 5 and 15 were allowable with minor amendments to the claims, but that claim 1 and 11 were not in condition for allowance at the present time over the Cited Prior Art (CPA). The Applicant agreed to cancel the independent claims 1 and 11 and the subsequent dependent claims. Claims 5 and 15 were proposed to be amended to remove one limitation and replace "the data" with "the login key" in the final limitation of claims 5 and 15. .
